We're Running in The Ilkley Half Marathon!

We're running to raise £3,000 to help fund some new electronic equipment for The Clarke Foley Community Centre.

We've assembled two teams of runners to take part in the Ilkley Half Marathon on Sunday 11th July. We're aiming to raise some much needed funds to help upgrade the Centre's sound, audio and visual equipment in order to benefit our users and visitors. Many classes, groups, activities, and events that take place at Clarke Foley rely on the use of the Centre's projectors and sound and speaker systems, most of which have remained unchanged for over 30 years. We are aiming to help the Centre modernise its facilities by completing the gruelling 13-mile run. None of the team are regular runners so it would be a great achievement if all members of both teams can complete the race.

Meet The Teams

Team 1: (Pictured above from right to left) consists of Stuart Hyde, Ian White, Esmaeil Habib Zadeh and Joe Short.

Team 2: We're delighted to be joined by a team of teachers and students from Ilkley Grammar School who are also running to support our cause.

How Can I Sponsor The Teams?

You can support each runner to get over the line and help us reach our £3,000 target by either donating via our **Just Giving** page below:

www.justgiving.com/crowdfunding/clarkefoleyhalfmarathon

Or you can fill in a sponsorship at the office.

The race starts at 10.30am, and begins and ends at West Holmes Fields, Middleton Avenue, Ilkley, LS29 0AD so come down and support the teams!
